Question:

Provide the contract price of Owen Electric Cooperative's Smart Home Pilot Project whenever the vendor is selected and pricing information is available.

Response:

Owen Electric Cooperative ("Owen") selected Tendril Networks, Inc. as the vendor to provide services for the Smart Home Pilot Project Owen is conducting as a part of the Department of Energy ("DOE") grant program. The total contract price of the services Tendril will provide is \$793,325. Of that amount, East Kentucky Power Cooperative will be contributing \$70,000 and the remaining amount will be shared by Owen and the DOE. Owen's share of the project will be approximately \$361,663 and will be spent over the next two years.
